Neil M. Bronstein is the new chair at the Jewish Foundation of Central New York

BY LINDA ALEXANDER
At its annual meeting in August, the Jewish Community Foundation was headed by a new leader, Neil M. Bronstein. He was a founding member of the Foundation 15 years ago, and has served as an active member of the board since then. His new role will take effect with his election at the Foundation's annual meeting in August.

Since its inception 15 years ago, there have only been two Foundation board chairs. Alexander H. Holstein was the founding chair and served in that position for the first seven years. Lynn H. Smith has led the organization for the past eight years. Both men remain active on the board.

Commenting about his upcoming role as chair, Bronstein said, "Minister's burial office said, 'We make a living by what we give.' Our Foundation represents the best of what we have to give as it provides the means to financially sustain our future for generations to come. I am pleased and honored to assist in that endeavor."
Smith, who steps down as board chair, remains a Foundation vice president and said, "Neil has been a catalyst for the success of the Jewish Community Foundation of Central New York. Our board is pleased that the growth of the Foundation in assets and support has come as rapidly as it has. The board is composed of people who have been longtime supporters of the local Jewish community and Neil exemplifies the best of us."

Honeymoon Israel — a "Birthright" trip for married couples aged 25-40

BY BEN SALES
JERUSALEM (JTA) — Jay and Michelle set to each other on the bus as an assigned hotel room in Jerusalem. On the same day, they accompanied each other on an emotional trip to the Western Wall and the Holocaust museum. The next day, they dined to rock up to the Western Wall and Masada and swim together in the Dead Sea. During its week-and-a-half journey through Israel, their lives would stop so they could take in the sights and sounds of the Holy Land. In the Air Force, she had been here before; for others, it was their first time. Unlike the dozens of Birthright or right Israel buses that traverse Israel every year, there were no random backpackers on this tour. The participants were couples, some with children. About a third of the participants weren't Jewish.
